EDUCATION IN RUSSIA

IVANOVO
POLYTECH

OUR SECTORAL PRIORITIES

textile and light industry

construction, architecture, housing and utility sector

transport and road services

information technology and communication environment

Young people build the future!

Ivanovo Polytech can do it better than the others — we design and build new houses, cities and mega-cities, we design and create clothes for comfortable life!

Polytech today — is an advanced scientific and educational center, which integrates the best teaching practices, scientific achievements and innovations and a powerful productive sector. We are partners of hundreds of Russian companies and international collaborations.

Five Institutes of Polytech with students from Russia, neighboring and other foreign countries — are the space of potential for talented engineers, designers, builders, architects, technologists, scientists — professionals of the future!

WELCOME TO ISPU - we will help you to overcome language barrier and get quality education in the most comfortable environment!
